EXTERIOR

The Spirit of Adventure Lives On

The 2025 Land Cruiser allows you to explore new worlds with confidence, in modern form. Sporting a “TOYOTA” heritage front grille, square side mirrors and athletic fender flares, this rig is ready for adventure, whether it’s conquering rugged trails or navigating through the urban jungle.

Back to Basics

Rugged elegance in two distinct grades. Land Cruiser 1958 is a back-to-basics homage to the original FJ25, with iconic round headlights and fabric seats. Land Cruiser grade elevates the ride further with more trail-ready tech, leather-trimmed seating and rectangular headlights inspired by the FJ62.

Color-Selectable Rigid Industries® LED Fog Lights

Land Cruiser trim’s dual-hue LED fog lights bring more light to your adventures. Effortlessly switch between a crisp white light for low-light driving scenarios or a dynamic yellow beam that enhances contrast in denser conditions.

INTERIOR

Cruise in ultimate comfort.

Land Cruiser's thoughtfully designed interior is ready to elevate every journey. From tech that warms up the front seats, steering wheel and available heated side mirrors, to available premium leather-trimmed seats, and more, comfort is at the forefront of your adventures.

PERFORMANCE & CAPABILITY

Peak performance. Legendary power.

Full-Time 4WD

Land Cruiser's full-time 4-wheel-drive system provides power continuously to the front and rear axles to improve traction and stability on various surfaces. An electronically controlled 2-speed transfer case allows you to select the right amount of torque for your driving conditions.

Drive Modes

Three distinct drive modes let you instantly tailor your drive with the touch of a button. Sport Mode indulges your spirited side with the feeling of sharper acceleration, while Eco Mode adjusts throttle input to help maximize your efficiency. Normal Mode blends fuel economy with performance.

Towing Capacity

Bring more along for the ride. With a tremendous towing capacity of 6,000 lbs., you'll be able to tackle the trails with whatever you need to take your trek to the next level.

i-FORCE MAX Hybrid Powertrain

Land Cruiser's powertrain combines hybrid tech with an impressive turbo 4-cylinder hybrid engine to generate an electrifying 326 net combined horsepower with 465 lb.-ft. of torque. You'll also find more confidence to cover even more ground with its up to a 23 combined estimated mpg.

Rear and Center Locking Differentials

More off-road; more control. Engage Land Cruiser's electronically locking differentials with the press of a button to distribute available torque for better traction while maneuvering through challenging terrain.

Multi-Terrain Select With Crawl Control

Conquer with confidence. Land Cruiser's available Multi-Terrain Select (MTS) helps you navigate varying landscapes with improved traction at different speeds. Crawl Control (CRAWL) helps take on difficult terrain by automatically modulating the throttle and brakes, so you can focus on steering.

Stabilizer Disconnect Mechanism

While Land Cruiser's frame provides stability to support your everyday drives, sometimes off-road excursions require something different. Activate Land Cruiser's available Stabilizer Disconnect Mechanism (SDM) for greater wheel articulation as you navigate uneven trails and rocky terrain.

COMFORT & CONVENIENCE

Effortless exploration ahead.

Part of unstoppable adventures is experiencing them to the fullest. Equipped with versatile features, Land Cruiser makes sure you can always be on the move.

12.3-In. Multimedia Screen

Land Cruiser's available 12.3-in. Toyota Audio Multimedia touchscreen heightens your interactions through sight, touch, and even voice recognition that lets you activate the system with a phrase like, "Hey, Toyota." From listening to music to finding your destinations, and more—stay connected to every adventure.

Remarkable Roof Capacity

Take it to the top. Land Cruiser allows up to 770 lbs. of gear on its roof while parked and carries up to 165 lbs. while on the go, helping you bring along more for every adventure. Whether it's bikes, kayaks or a rooftop tent, trust Land Cruiser to help you explore more without constraints.

Console Cool Box

Land Cruiser's available center-console cool box recirculates air from your air conditioner to help keep your beverages chilled while you explore remote destinations or cruise down city streets.

Qi Wireless Charger and USB-C Charging Ports

Charge ahead. With Land Cruiser's available Qi-compatible wireless charger, you can simply place your Qi-compatible device to wirelessly charge up while on the go. And for more versatility and added convenience, Land Cruiser comes with three USB-C fast-charging ports so you can connect to and power up a variety of devices.

Heated/Ventilated Front Seats

Fine-tune your comfort zone in no time. As outside temperatures change, heated front seats make chilly journeys more inviting, while available ventilation helps keep you refreshed on warmer days.

Head-Up Display

Get a better view of where you're going. The available full-color Head-Up Display (HUD) projects your speed, select safety alerts and other customized driving info right onto the windshield so you can focus on your drive.

60/40 Split Rear Seat

From commutes to campfires, Land Cruiser's 60/40 rear bench configuration balances everyday functionality with outdoor adventures. Fold down either side or both to enjoy ample room for passengers and flexible cargo space that adapts to whatever your adventure calls for.
